P.A.C.E.– Feature Business

PACE is pleased to recognize Ben Cathcart of **Ryder Inc.** as our feature business. He came to PACE just last year with a request to purchase a vehicle for his delivery business. Formerly Bri-Mar, Ben already had an established clientele and was determined to offer the same great service under the new business name which he has succeeded in doing. PACE was able to assist with a loan, so Ben could own the vehicle instead of leasing which would free up some revenue. Since opening, Ben has created employment for himself and two other full-time employees. Ben and his staff can be seen consistently driving through town and neighboring communities deliv-

ering anticipated packages and are always friendly and smiling. We are pleased to continue to work with Ben and watch the business grow and continue to be successful. PACE appreciates

Ben from **Ryder Inc.** for his business and contributions to economic development in the Patricia Region. We wish you continued prosperity for many years to come serving the community.

21st Annual Chamber Business Excellence Awards

Each year PACE proudly sponsors the “New Business Award” at the Dryden District Chamber Business Excellence Awards. This year PACE was honoured with being nominated for 2 awards. The first was for the staff as a whole in the Customer Service Excellence Award-Retail category, the second was for our Executive Director-Donna Pollock for Manager of the Year.

While we were unsuccessful as a staff, we would like to congratulate the T.D. Team who took home the customer service award, and well deserved.

Donna was acknowledged and took the

honour home as Manager of the Year!! I speak on behalf of Noreen, myself and our Board of Directors when I say “Congratulations!”

The evening was hosted by the 2018 Event Committee and put on by the Best Western Plus Hotel & Conference Centre. It is a beautiful, fun-filled, well orchestrated evening filled with friends, colleagues, fine food and awards.

The staff would like to again say thank you for the 2 nominations and the privilege of attending.

L-R: Melissa, Donna (with award) and Noreen.

Y.E.C.– Youth Entrepreneur Camp ~ August 13-17 2018

PACE was given the opportunity to host the Market Day for this year’s Youth Entrepreneur Camp.

The attendants spent the week learning the pros and cons to being your own boss. Their week involved deciding on a business, making a business plan, meeting with a banker to secure operating funds, and producing the product all which leads up to market day.

The weather co-operated and the young entrepreneurs were able to set-up and start selling of the products they have

worked so hard on.

The PACE parking lot was a buzz

with family, friends and locals stopping by to see what was available.

The products available ranged from bath products to bird feeders.

At the end of the day, everyone had mostly sold out and each were able to pay back their business loan and walk away with a profit for all their hard work.

It is always a pleasure to offer these young future business owners a place to showcase their creations. We look forward to seeing what the future brings to each of you.

Sioux Lookout Tradeshow ~ August 9 & 10 2018

August 9th and 10th Sioux lookout held their annual Home, Trade & Craft Show at the Sioux Lookout Rec-Centre.

This is their annual chance to showcase all the businesses that Sioux Lookout & area have to offer.

This year was no exception, the Rec-Centre was full with exhibitors showcasing their skills, talents and products.

Each year Sioux Lookout graciously extends an invitation to vendors from all over the area, including Kenora and Dryden.

PACE was invited and gladly registered for the event, it was a great

opportunity for us to showcase what we can offer to businesses, both starting out or looking to expand.

There was a steady flow of traffic over the 2 days and we at PACE had the chance to speak with many people. Some came over to ask what services we offer, others came searching for information & others came over to share stories of how we have been able to help either themselves or someone they know. Whatever their reason for stopping by we always like the chance to talk with business owners in our area.

Congratulations to the organizing committee that put on the 2 day show. It was well organized and the staff at PACE appreciates the work that goes into holding this type of venture.

Financial workshops

This year PACE has partnered with the BDC and the Chartered Professional Accountants of Canada to provide workshops to anyone interested in learning about a specific subject. The session topic is chosen by a wide selection of topics chosen from each community, a professional accountant in the area then presents the material. The first one held in the PACE boardroom discussed “Understanding Financial Statements” where CPA Kyla Vermeer was the speaker delivering the information. PACE hosted the same workshop in Sioux Lookout at the tourist Information Centre and CPA Garth Hyslop was the presenter. Both workshops were well received, and the information provided was helpful to those

in attendance. Many who sat in on the workshop were business owners, but it could be useful information to anyone doing bookkeeping or accounting for a larger company. Another workshop held at PACE discussed “How to Grow your Business”. CA Don Yurkiw from BDO presented and had positive feedback on that topic as well. PACE is trying to deliver these helpful workshops within the catchment area if there is enough interest to promote them. The workshops are free to attend and may be something to keep in mind for your

existing business or if you are thinking about starting up a new business. The workshops are advertised on our FB page and are limited to 10-15 persons. Our next workshops are being held in Dryden (PACE office) on “Getting Money-What Lenders and Investors want” and in Sioux Lookout (Tourist Info Centre) on “Advanced Financial Statements”. Both are being held on Wednesday October 17th.
